Burgess.

Nov. 25, 1652 - Wee find Mr. John Hammond returned a Burgess for the lower parish of the Isle of Wight, He notoriously known a scandalous person, and a frequent disturber of the peace of the County by libell + other illegall practices, and conceive it fitt he be expelled the house, + that a warrant issue to the Sheriffe of the said County, for the election of another Burgess in his room.

Wee conceive it fitt, That Mr. James Pyland returned Burgess for the upper parish of the Isle of W. he summoned out of the house, And that he stand committed to answer such things as shall be objected against him, as an abettor of Mr. Thomas Woodward in his mutinous + rebellious declarations,
